Some of the Spaulding high school boys who went to Washington, D. C., last week are given credit for saving considerable Central Vermont property while en route. After their train had crossed a wooden bridge near Bethel, the bridge was found to be on fire; so the train was halted and an effort was made to put out the fire. But there were not enough trainmen to cope with the flames, and the Spaulding boys fell to with a will and put the fire out, using cans from a milk car to carry water. Roadmaster Elrod says the boys saved the bridge.

Constable and Tax Collector M. R. Nichols, by a little detective work yesterday afternoon, caught one of his delinquent taxpayers with a check for \$10.50 in his hands. As soon as the constable saw the check, he lost no time in getting into conversation with his man and told him he wanted some of that money. The man, though caught with the goods, was not inclined to give it up, and after a little parleying the collector decided that this was too good an opportunity to let go of, and so he collected his man and took him up in the police station. It took only an hour for the man to think it over, when he sent for the collector and paid up his poll tax for the year 1910. The man still owes for three subsequent taxes, and the collector says that the man thought he was being badly abused. The collector says that he has several more names on his books, which he thinks perhaps, if the owners are given time to think the matter over seriously while behind the bars, they may find a way to square up.

## Carriage Paint

If the right kind—will give the old carriage a new lease of life—make it look nearly as good as new, and continue to look good for a year or two. If the wrong kind—the adulterated kind—is used, the carriage will look good for a few months, but after that will wear away, leaving a worse looking surface than before.

**B. P. S. Gloss Carriage Paint IS THE RIGHT KIND**

And costs no more than the ordinary carriage paint. It is ground in hard, durable, weather-resisting varnish, free from rosin and benzine adulteration common in carriage paints, and so injurious to durability. It dries quickly, dries hard, with an attractive finish that will suit you. Also adapted to porch chairs, ornamental iron work, tools, implements, and the like.

Black and colors. Ready for use. Ask for card of color samples.
